We do not want a more dense Westport. We already have traffic problems and congestion that we can't seem to resolve. I am all for affordable housing. I would love to sell my house, where I have lived for 45 years, and downsize and remain in my hometown, but I cannot afford to do so. Stop building 3 and 4 million dollar condominiums and instead put up an apartment house like 497 Westport Avenue in Norwalk so Westporters can remain in Westport. Thank you.
